Important billing information

Please note that the currency in which your business will be invoiced is determined by our accounts team. This decision is based on the country in which your business is registered and complies with our internal policies and local regulations.

If you have specific currency requirements or questions about this process, please contact our support team before placing an order. We will do our best to accommodate your needs within the scope of our billing guidelines.

Orders should be emailed to orders@icrtouch.com
